

Living with kidney disease is challenging. This free 2012 monthly planner from the American Kidney Fund can make it easier.

The American Kidney Fund's 2012 Planner for Living Well with Kidney Disease is here! This monthly calendar offers tips for living well with kidney disease and pages to track:

- Lab results
- Medications
- Important phone numbers
- Questions to ask the doctor

The planner is ideal for those with kidney disease or their family members who want to keep tabs on their health.
